(g) Each bale of upland cotton sampled by the warehouse operator upon initial receipt which has not been sampled by the ginner must not show more than one sample hole on each side of the bale. If more than one sample is desired when the bale is received by the warehouse operator, the sample shall be cut across the width of the bale, broken in half or split lengthwise, and otherwise drawn under Agricultural Marketing Service (AMS) dimension and weight requirements. This requirement will not prohibit sampling of the cotton at a later date if authorized by the producer.

(h) Marketing assistance loans may be disbursed to eligible producers who store upland cotton in unlicensed storage facilities only if the producer agrees to redeem the marketing assistance loan on the date on which the loan is disbursed with a commodity certificate exchange.

(b) Loan proceeds may be disbursed by CCC or a cotton commercial bank.

(2) CCC may at any time accelerate the loan maturity date by providing the producer notice of such acceleration at least 30 days in advance of the accelerated maturity date.

(b) If the loan is not repaid by the loan maturity date, title to the cotton shall vest in CCC the day after such maturity date and CCC shall have no obligation to pay for any market value which such cotton may have in excess of the amount of the loan, plus interest and charges.

Cotton pledged as collateral for loans on the basis of reweights will not be accepted by CCC.

(c) The amount of the loan for each bale will be determined by multiplying the net weight of the bale, as determined under paragraph (b) of this section by the applicable loan rate.
